Address: Mudhol, Karnataka

USN: 2SD22CS108   Phone - No: 8792822841

Objective

An organized and motivated 3rd year Computer Science engineering student passionate about research, development, solving complex problems. Seeking an opportunities to leverage best of my skills in a dynamic technical environment.

Education

SDMCET-Dharwad- Bachelor of Engineering   **2022-2026**

CSE - 9.17

Pre University Education- Konnur PU science college Jamkandi, Karnataka   **2019-2021**

Percentage- 99%

Secondary Education - Adarsha Vidyalaya [R.M.S.A] Mudhol, Karnataka   **2018-2019**

Percentage – 94.72%

Skills

C | Java |JavaScript | DBMS |Computer Network| Python| React | Tailwind| Node.js| Team Collaboration | Effective Communication| Self Confident

Projects

1 Department administration
- Developing an Interactive Web page to enquiry about department.
- Lead Developer using HTML, CSS, JavaScript, and PHP.
- Which includes user authentication, department visualization, and faculty description, and syllabus, time table data.
- Intend to improve in data base management.

2 Online Health Care: Figma (UI front end design)
- Which holds self-care taking procedures
- Online medicine, hospital visit booking etc.
- Alert button during emergency condition.

3. Decentralized Identity system (Block Chain network):

Minor Project

- **Description**: Designed and implemented a decentralized identity system leveraging blockchain technology to ensure secure and user-controlled digital identities.
- **Tech Stack**:
    - **Front-End**: React.js for creating a responsive and intuitive user interface.
    - **Back-End**: Node.js with Express.js for API handling and interaction.
    - **Blockchain** : Solidity for smart contracts, Ether.js for Ethereum interaction.
    - **Decentralized Storage**: Pinata with IPFS for secure and distributed file storage.
    - **Wallet Integration**: MetaMask for account and transaction management.

4. Travel Booking Website: (Ciresta Internship):

- Description: Travell booking website which is User Interface website to book seats,mark the location to hang out and etc.
- Tech Stack:
    - **Front-end:** React js, with Tailwand CSS for responsive interface.
    - **Back-end**: Local storage to store data temprorialy.

Academic and Extracurricular Achievements

1. **Co-organized a TRESURE HUNT event for different college students in Inter College fest [INSIGNIA]**

- Responsibilities included planning, coordinating with sponsors, setting up event logistics, and managing a team of volunteers.
- Successfully attracted over 100+ participants and facilitated project development over 3 hours.
- Improvised student's interaction through conducting different technical and fun activities.

2. **Poster Presentation on Science Day:**

- Delivered an in-depth poster presentation on Web 3.0, highlighting its decentralized architecture, block chain integration, and the future of internet technology.
- The presentation focused on key concepts, use cases, and potential impacts on various industries.

3. **Volunteering For "Youth For Seva".**

   Conducting by trust of Youth for seva to pursue self-confidence, and building social connecting nature to the current generation .We are approaching students by visiting their schools, and giving them knowledge about scholarship exams like NMMS, NTSE etc.

Certification Courses

1. **Figmaverse:** Figma tool workshop (2 days)
   The basics of interface and advanced prototyping and collaboration techniques. Conducted by "QWERTY I/O", SDMCET.

2. **Android App Development** (3 days Offline Workshop):
   - Covered fundamentals of Android app development, including UI design, activities and basics of functionality. Conducted by "SDMCET".

3. **Data Explorer** : Tableau tool(2 days)
   - Creation of Dashboard using Tableau .Conducted by "QUERITY I/O",SDMCET

4. **Online App Development Course:**(ongoing)
   - Complete app development course of nearly 75 hours using kotlin.

5. **Mongo DB Course (Completed)**

Language Fluent

Kannada| English | Hindi

Hobbies

Singing| Sketching | Reading Books| Badminton| Writing Poems
